David,

No problem. And don't worry about the two month thing. First of all, I was just expressing an opinion that one or two months should be enough time to find an apartment. I was not setting some kind of firm limit on your stay. It's not like we would throw you out or something. Secondly, Beth explained to me today that it will probably take two or three months for you to get the money from your house in CA. I don't know why, but I had the impression that you were to get your money around labor day. So really, a couple of months after you get your money is a more realistic expectation. Sorry about the misunderstanding. Come to Grand Haven whenever you can.

Dad

Dad I am sorry I just got off the phone with Mom.

I had been trying to buy a place in Tipton but the lender told me I couldn't because I had too much debt on me from the house here in California. So even though she makes 140K a year and I make zip they could come after me cuz my name is on it. It is very difficult to rent anyplace livable near Tipton (although yeah its cheap to buy!) so I asked Mom if I could come stay with you for a little bit. hope its ok.
